Data Analysis • Business Analysis • SEO • Google Ads • Meta Ads

Programming:
Python • C

Tools & Platforms:
Omnisend • Excel • Google Sheets • Supabase

Development:
React • Flutter • Firebase • Next.js

Other Skills:
Problem Solving • Communication • Team Collaboration

PROJECTS

AI Based Sign Language Conversion

- Built a real-time hand gesture recognition mobile app using Flutter and TensorFlow Lite that converts sign language gestures into spoken audio, designed to improve communication accessibility for the hearing-impaired

Facevault - Face Recognition Cloud-Based File Storage System **Live:** keen-unicorn-fe6d06.netlify.app | **GitHub:** github.com/Dhivyaselvakumar/Face-app

- Engineered a face recognition login system using face-api.js for biometric authentication and Firebase for real-time database and Google Drive API for file management, enabling passwordless secure cloud storage access.

EduAdvisor - AI-Powered Career Guidance Platform **Live:** eduadvisor.netlify.app |**GitHub**: github.com/Dhivyaselvakumar/EduAdvisor

- Built a web platform using HTML, CSS, JS and a trained ML recommendation model that analyses student academic profiles, interests, and scores to suggest personalised career paths for students completing 12th grade.

Multi-Source Recruitment Scam Detection System - Final Year Project

- Developed a multi-source fraud detection system using NLP and machine learning to analyse job postings, predict fraud probability with a risk score, and surface alerts through a Flask-based web interface — published in Tranz (2026).

CERTIFICATIONS

NPTEL – Cloud Computing (75%, Silver Medal)

NPTEL – Online Privacy (70%)

ACHIEVEMENTS

- Selected as Finalist and delivered talks at ICT Academy Youth Talk (2023 & 2024)
- **Best Performer Award** (2022–2023) for academics, leadership, and participation
- Presented Projects at **SITCON Trade Expo** and **MITCON,** published in **IJERT (2025) and Tranz**
- Selected for **Smart India Hackathon** (2023 & 2024, internal rounds)
